

Date: 21.04.17

This term we will be beginning our new topic, "A World of Possibilities". As science will be a big focus during this term, we thought it would be a nice idea to study famous scientists and/or inventors.

Maybe you could find out about who invented/discovered;

- The telephone
- The TV
- The computer
- The mobile phone
- Gravity
- Evolution

We would like you to write a biography about a scientist or inventor. Think about answering these questions in your biography:

- What was their childhood like?
- How did they become famous?
- What did they invent/discover? How?
- Have they invented or discovered anything else?
- What was/is their family like? Were they scientists/inventors?
- If you could ask them 3 questions, what would they be?

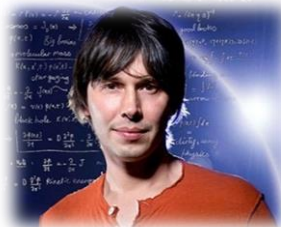

Please hand in by: Monday 22nd May 2017

Our expectation is that this project will be an on-going task for you over the next few weeks. By the hand in date, we expect for you to have produced a substantial project.

Below are some ideas of famous scientists/inventors you might choose...

Bill Gates

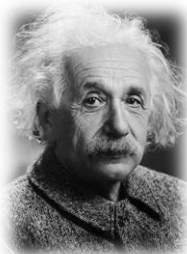

Brian Cox

Isaac Newton

Stephen Hawking

Albert Einstein
