

Welcome to COSTESSEY COMMUNITY FRIDGE

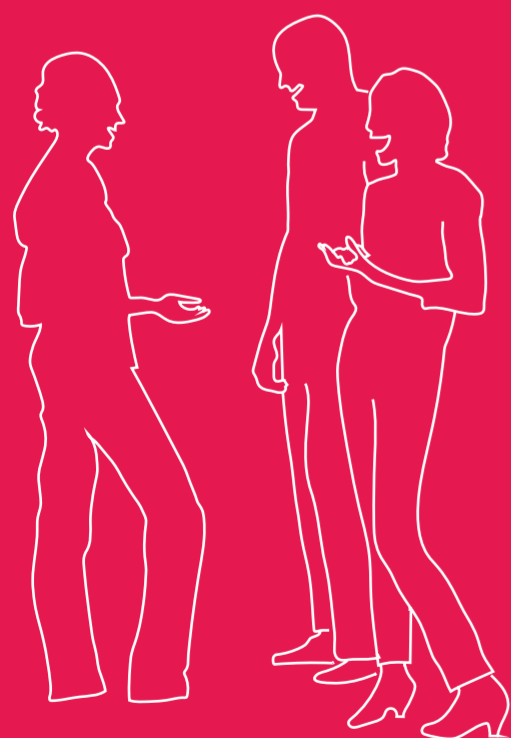

Each year in the UK we throw away nearly 15 million tonnes of food and drink. Nearly half of this is perfectly good to eat!

Our Community Fridge enables businesses and individuals to waste less through the sharing of good quality food that's within its use-by date.

You can drop off good but unwanted food, and help yourself to what's on the shelf. Please read the instructions and disclaimer prior to use.

How to support the fridge:

- Spread the word!
- Donate surplus food that you're not going to use.
- Volunteer for 30 minutes or more to help maintain the service.
