

## Attendance and Interpreting Figures

95% Excellent  
80% Very Good  
70% Good

In any exam you would be pleased with these results for your children.

190 days school per year.  
11 years education.

95% Attendance (9 ½ days per year)  
Means - your child will miss - 104.5 days of school  
Over ½ a year.

80% Attendance (38 days per year)  
Means – your child will miss – 418 days of school  
Over 2 years (one whole year in High School)

70% Attendance (57 days per year)  
Means – your child will miss – 627 days of school  
3 years and 1 term

Just 10% absence makes a huge difference.  
209 days difference. Your child will lose over one  
years education if they have 90% attendance.

Consistent attendance makes a big difference!
