

Year 3 Home Learning Spring Term 2 2020

The expectation is that every pupil will complete their weekly home learning tasks including Read for a Star and Marvellous Maths.

Similar to last half term. reading diaries are due on a Monday and home learning is due on a Wednesday.

Homework Club is available for year 3 pupils on Monday from 3-4pm. Lunchtime homework club will be available for any year 3 pupil to attend. The following teachers will host lunchtime homework club from 12-12.20 on the following days:

- Monday: Miss Bettermann
- Tuesday: Miss Hicks
- Wednesday: Mrs Andrews

Reading

Children will be set a short text to read each week. There will be four questions to answer (retrieval, inference, vocabulary and author's choice). This short text will be studied in reading sessions the following week with a focus on inference style questions. Please discuss and recap any unknown vocabulary with your child.

Handwriting

Thank you for supporting your child to join their handwriting when practising at home. Year 3 will continue to focus on forming their letters correctly, writing them in equal size and using the cursive handwriting style.

Optional project

This half term, year 3 will be exploring the question 'Why do so many people go to the Mediterranean for their holidays?'. To support your child further, they could create:

- A fact sheet about a country in the Mediterranean
- A holiday brochure/leaflet for a country or city within the Mediterranean
- Artwork inspired by an artist from a country within the Mediterranean (i.e. Gaudi a Spanish artist)
- Information about a famous landmark within the Mediterranean.

Your child can choose how they would like to present their project.

Read for a Star

If you read 4 days a week, you will receive a Queen's Hill Reading Star. This could include reading some of a bedtime story, visiting the library, listening to an audio book or reading with a sibling.

Marvellous Maths

Complete 4 maths activities a week to receive a Marvellous Maths Stamp. This could include a maths game on a computer or worksheets from your teacher.
