

Year 2

Home Learning Autumn Term 1 2019

Topic

We will be learning about the history of flight! Can you research the Wright brothers and create an information booklet based on them? Make sure you include a picture or drawing of them.

Creative

Design your dream mode of transport. Draw a detailed picture of the transport and label the various parts. If you wish, you could even build it with some Lego/play dough or junk-modelling!

Reading

Find a set of instructions. Read them and see if you can follow them step by step. Perhaps you could bring in or take a picture of what you achieved to show your friends and teacher. Some ideas include reading Lego instructions, cooking or baking recipes or directions to a shop.

Writing

Imagine you can fly. Where would you go? What would you see or do? Write a story about the adventure you go on.

Computing

Can you design a map on 2paint/2draw which can be found on purple mash?

<https://www.purplemash.com/login/>

Can it include a key? It could be a map of your garden or a map of Queen's Hill. It may even be a map for an unknown land!

Can you use your computing skills to research a landmark in Norwich? For

Online games to help with learning at home
