

Year 2

Home Learning Spring Term 1 2020

Topic

Using google maps, an atlas or a globe, locate Africa on a map. Can you name some of its countries? You could list the countries in your home learning book or copy the map and label it.

Research online or go to the library to find a book which includes facts about Kenya. How do they compare to the facts you know about England? Create a poster using the information you discover.

Creative

Create your own Kenyan drum out of recycled materials. Think about how you could decorate it to make it bright and colourful. What rhythms can you make?

Use '2paint' on purple mash to create an African pattern. What colours and patterns will you choose to use?

Read for a Star

If you read 4 days a week, you will receive a Queen's Hill Reading Star. This could include reading some of a bedtime story, visiting the library, listening to an audio book or reading with a sibling

Marvellous Maths

Complete 4 maths activities a week to receive a Marvellous Maths Stamp. This could include a maths game on a computer or worksheets from your teacher.

Our whole-school Spring term topic is My Place in the World. Below are some activities which you might like to do with your child/children.

- Visit the Blogg Lifeboat Museum in Cromer
- Visit the Time and Tide Museum in Great Yarmouth
- Learn how to access the news
- Choose objects to put into a time capsule
- Create a family tree
