## Keep Informed:

Queen's Hill Primary

@QPrimary

Dear Parents and Carers,

As we start the month of May in continued lock down I would like to thank our amazing staff for all of their hard work in keeping the school open for childcare and providing home learning. Many are juggling their own childcare and home learning alongside planning for and marking work of 30 plus children, not a mean feat.

None of us are able to second guess what a phased return to school will look like but I do have 101 plans floating around my head ready to put into action! As more children start to be in school please be aware that some of the teachers will be marking the work of children from other classes too so they will not be able to respond immediately to every notification.

Thank you for your support. I feel the partnership between home and school has become even stronger over the last few weeks.

Don't forget, the school phones are manned from 8am to 5pm (as a minimum) so do call us if you need any help or advice or just want to hear another adult's voice!

## We Are One: Queen's Hill Virtual Choir

"We are one, we are strong, as we sing our songs together" are the words of our school song. Watch the latest video on Youtube and join in with us from home. Special thanks go to the amazing Mr. James for all of his technical wizardry.

## Nursery and Reception

Our new intake meeting for children starting in our nursery and reception classes in September is on **Monday 29th June**.

We will be posting a video for you to watch. This will tell you lots of information about the school, what a normal day looks like and things the children will need to bring to school.

We will also be putting together a video of the school so that your child will be able to see what the environment looks like and even meet the school dogs Molly and Jasper. We will send out more information about this nearer the time. We thank you for your support and look forward to your child starting with us.

A lot of residents in Queen's Hill will be decorating their homes with red, white and blue and having a picnic in their garden at 4pm.

## Support for SEN Pupils

There are lots of additional resources and web links to support children with additional needs. For resources and videos to support anxiety, emotional development, mental health, autism, sensory circuits, Lego therapy and fine motor control follow the 'SEN Home Support' button on the school website home page. We know that this time has its challenges for all. If you have any concerns about your child's learning, please don't hesitate to get in touch with your child's class teacher in the first instance.
