

# This Week in Reception

w/c 26/09/22

## Our Learning

We have continued phonics this week and have learnt the sounds d, t, i and n.

In maths we are working on recognising 4 without counting, this is called subitising. We have been looking at whether there are 4 or not 4 items.

In topic we have been talking about jobs that people have and what we would like to be when we grow up.

## Independent Skill of the Week

This week we have been working on putting our coat on independently. Some children prefer using the montessori coat flip, so you may want to google this.

## News

- As it's getting colder please send children in with the appropriate clothes, we go outside in all weathers so it is helpful if all children have a waterproof jacket.
- If possible please send all children in with a spare set of clothes including pants, socks and trousers, this can be left on their peg or taken home each day.

## Home Learning Ideas

**Maths** - Drop some objects on the floor or table. Can you notice groups of 1, 2, 3 or 4? Which group is the biggest, which is the smallest?

**Literacy**- Play Simon Says using fred talk. Fred speaks in sounds, use this for the last word of the sentence: 'touch your ch-i-n'.

*These ideas are completely optional but can be used as your Marvellous Maths or reading activity for the week.*

Thank you,  
The Reception Team
