

This Week in Reception

w/c 03/10/22

Our Learning

In phonics we have learnt the sounds p, g, o and c. We have also started word time where we blend sounds into words.

In maths we are continuing our work on 4. We also used positional language by hiding toys around the classroom and using the words 'under', 'on', 'behind' etc to describe where they are.

In topic we have been talking about different houses around the world.

Independent Skill of the Week

This week we have been working on remembering to wash our hands after using the toilet.

News

- We have our first workshare on Wednesday 19th October at 3pm. This is a chance to explore your child's classroom and see some photos of their learning from the term so far.
- We had our first celebration assembly this week. One child from each class will receive a certificate each week relating to our learning characters.

Home Learning Ideas

Maths - Hide a toy in your house, can your child help you find it by describing where it is, switch roles and have them follow your instruction.

Literacy- Use 'fred talk' at the end of your sentences when giving instructions, eg: get your h-a-t.

These ideas are completely optional but can be used as your Marvellous Maths or reading activity for the week.

Thank you,
The Reception Team
