

This Week in Reception

w/c 09/01/23

Our Learning

- This week we looked at the pictures in 'Window', we discussed how things change over time. We also talked about where we live and looked on a map.
- In maths we started looking at tens frames. We discussed how we always need to fill the top row first from left to right.
- We also went to our first singing assembly. The children enjoyed learning some songs about Spring.

Independent Skill of the Week

This week we have been focusing on getting to our phonics lessons without adult help.

News

- Some children now have reading books. Please ensure that these are returned every Monday so they can be given a new one.
- We have started 'My Happy Mind' this is a NHS backed programme which focuses on mental health. This week we have been discussing how our brain gets stronger when we do things that are difficult.

Home Learning Ideas

Maths - Create a tens frame at home (by drawing one or building one). Practise making numbers on it, filling from left to right, completing the top row first.

Literacy- Have a go at making your own sound cards.

These ideas are completely optional but can be used as your Marvellous Maths or reading activity for the week.

Thank you,
The Reception Team
