

Curriculum Newsletter

Year 2 / Spring 1 2026

Dear Parents & Carers,

Welcome back to all of our year 2 pupils and their families! We hope that you had an enjoyable break and we look forward to working with you over the coming term.

In Design and Technology last half term Year 2 have learnt about mechanisms and wheeled vehicles. They had an exciting visit from author David Litchfield and designed odd socks with their Year 5 buddies.

Home Learning

In Year 2 pupils are expected to read their school 'Book Bag Book' at least x4 times per week at home for 10 minutes. Please record and sign their reading diary for them so they can earn their '**Read for a Star**' awards.

The school has also subscribed to the online maths apps **Numbots** and **Times Tables Rock Stars**. These can be downloaded to any touch screen device at home. Your child's usernames and passwords for both of these apps can be found in the front of their diaries. Pupils are encouraged to complete x4 10 minute maths sessions at home per week. Please record this in their diaries for them so they can earn their '**Marvellous Maths**' awards.

QR codes for optional handwriting videos have been sent home and are linked at the end of this newsletter. If you would like more 'sponge cake' paper to practise on please speak to your child's class teacher.

Key vocabulary

germination	When the conditions are right, the seed soaks up water and swells, and the tiny new plant bursts out of its shell.
seed dispersal	When the seeds move away from the parent plant.
nutrition	Food or nourishment. Plants make their own food in their leaves using sunlight.
aviator	The operator or pilot of an aircraft.
propeller	A mechanical device used to make a boat or aircraft move forward.
